## Race Family & Friends Sponsorship Information

Roger and Cindy walked with their beloved daughter- in-law, Summer, while she was in the battle of her life against cancer. They experienced, first hand, what families face when a loved one is diagnosed and in treatment.

Unfortunately, Summer lost her battle in 2016. Cindy and Roger continue to grow this much needed non-profit in her honor. Crush Cancer exists to support our local Central Oregon families who find themselves on this life changing journey.

Cancer can be a devastating diagnosis. If you have been touched by some form of this disease, either yourself or through family and friends, you know the shock and emotional roller coaster this word brings. As Cindy and Roger experienced, the journey to medical treatment, hotels, fuel and other costs quickly become a tremendous burden during a very stressful time. Unforeseen needs like childcare add additional strain to budgets already tapped by medical costs. This is why Crush Cancer is proud to raise funds to help local families in Central Oregon facing this challenge. One hundred percent of the money we raise with sponsorships, our Crush Cancer 5K, 10K and Half Marathon Trail Run go directly to support these families. The funds we raise provide gas, food, and lodging cards, as well as childcare and pharmaceuticals not covered by insurance.

As a sponsor, your company will have the unique opportunity to:

- ☐ Reach over 1,200 expected race participants, and spectators
- ☐ Receive high community visibility in the Central Oregon area
- ☐ Showcase your company's products / services
- ☐ Build employee morale and company pride
- ☐ Help to bring support to those facing a difficult cancer journey

All proceeds to the Crush Cancer race will support patients from Central Oregon experiencing financial need.
